Dr. Al Jesaitis
Department of Chemistry
Montana State University
Gaines Hall, Rm. 17
Bozeman, MT 59717

Dear Al:

It was a pleasure spending some time with you again at the Keystone meeting. The meeting was excellent! You did a superb job of organizing a program in which both the skiing and science were fun. It was the best meeting I've been to. Montana is quite an impression state. I hope I get a chance to come and visit you at MSU soon.

Sincerely,

Geneva M. Omann, Ph.D.
Assistant Professor of Surgery
and Biological Chemistry
